Important Notes

- Please do not eat at least eight hours prior to commencement of any screening packages. Sips of plain water may be consumed, if thirsty.
- Postpone taking any routine morning medication (except anti-hypertensive drugs), unless advised by your physician, until after the blood investigation.
- Ladies who are going for mammogram are to avoid using deodorant or talcum powder.
- Pap smear should best be done seven days after the last day of your menstruation.

Things to Bring

- Comfortable attire and shoes for your Cardiac Stress Test (Treadmill).
- Previous medical records, if any, especially X-rays, MRI or CT Scan from your last check-up for comparison.
- Glasses for your vision test.

Our Commitments to You

- *Fast
- *Comprehensive
- *Personalised
